Guide to Creating an EMR-Generated Vectra DA Test Requisition Form

Creating an orderable test and associated printable form from your EMR system involves the following steps:

**01 STEP**
Add Vectra DA as a lab option in your EMR

**02 STEP**
Physician orders Vectra DA from EMR

**03 STEP**
EMR pulls demographic data and prints form to go into Vectra DA kit

**04 STEP**
Manually enter or scan results into EMR

**EMR-generated test order forms streamline the process**
- Eliminates physical MD signature (if e-signature is available)
- Eliminates extra insurance sheets (if included on form)
- Fast and simple setup

**How to get started**
- Identify who can customize your EMR, add Vectra DA as orderable test
- Set up form to include items on reverse side
- Send form to 877-743-8640 for approval
- Start ordering the Vectra DA test directly from your EMR system
- If you have any questions, please contact CTLSupport@crescendobio.com or your local CRL
